What is Talent Search?

Talent Search is a federally funded TRiO program, through the U.S. Department of Education. The program identifies and assists first generation income eligible students in grades six through twelve who have the potential to succeed in college. We provide academic, career, and financial aid counseling to our participants and encourage them to continue their education. Our services are provided through in-school workshops and educationally focused out-of-school activities.

Services Provided

- * Academic, financial aid, and career counseling
- * Career exploration assessment and trips to experience different work environments for middle school students
- * Information on the many different college programs
- * Trips to different college campuses for high school students
- * Assistance in selecting and completing the college application process
- * Information on financial aid for college and assistance with completing financial aid applications

Talent Search Can Help If the Student.....

- * Is a U.S. citizen or permanent resident
- * Is in grades sixth through twelfth
- * Attends the following high schools: Bland County High School, Carroll County High School, Fort Chiswell High School, George Wythe High School, Grayson County High School, Marion Senior High, Rural Retreat High School, or Wythe County Tech Center
- * Attends the following elementary or middle schools: Bland Elementary, Carroll County Middle School, Fort Chiswell Middle School, Fries School, Independence Middle School, Marion Middle School, Rural Retreat Middle School, Scott Memorial Middle School or St. Paul School
- * Has an interest in exploring the World-of-Work or opportunities for when they graduate from high school
